1 Snapshot Inventory

No snapshot files were found in `data/output/snapshots`.

2 Selected Comparison

No baseline/fixed or earliest/latest snapshot pair was available for comparison.

3 Base Case Impact

4 Interpretation

This report expects the current single-model snapshot format produced by `scripts/R/analysis/15_save_snap`. If older snapshots contain obsolete multi-model components, `load_snapshot()` warns during render and the comparison table uses the top-level single-model results.
